

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

Davy UK GPS Moderate Growth Fund

Class A sterling distributing shares of Davy UK GPS Moderate Growth Fund ("the Fund") a sub fund of the Davy Funds Plc (the "Company"). (ISIN IE00BYTYH217)

The Fund is managed by IQ EQ Fund Management (Ireland) Limited (the Manager").

Objectives and Investment Policy

Investment Objective:

The investment objective of the Fund is to achieve moderate capital growth by investing in a balanced portfolio of domestic and international equities, fixed interest securities and alternative investments.

Investment Policy:

The Fund will invest in a diversified portfolio of authorised open-ended UCITS and non-UCITS collective investment schemes ("CIS"). The CIS that the Fund may invest in will be authorised as UCITS or non-UCITS CIS, consist of regulated collective investment schemes which may be domiciled in a member state of the EEA, the U.S., Jersey, Guernsey or the Isle of Man. The underlying investment schemes will invest in principally equity securities and fixed income on a global basis. The asset allocation strategy may be altered by the Investment Manager on a monthly basis or more frequently to take into account changes in the expected risk and correlations of the underlying asset classes.

Risk and Reward Profile

Lower risk ← Higher risk
Potentially lower reward ← Potentially higher reward

1	2	3	4	5	6	7
---	---	---	---	---	---	---

- Historical data may not be a reliable indication for the future.
- The Risk and Reward profile is not guaranteed and may change over time.
- The lowest category does not mean 'risk free'.
- The Fund is in category 4 (denoting medium risk, but with the potential for better reward) due to the implementation of its investment policy and process and the Fund has medium volatility.

Other Information:

- The Fund may use FDIs for efficient portfolio management and currency hedging purposes. Such techniques and instruments include options and forwards.
- You can buy, exchange and sell shares in the Fund on a daily basis on any business day in Dublin.
- Subject to net income being available for distribution, the Directors intend to declare dividends on the distribution date, which shall usually be 31 March and 30 September in each year (the "Distribution Date"), and such dividends will be paid on or before the 14th Business Day following the Distribution Date.
- The Fund may not be appropriate for investors who plan to withdraw their money in 2-3 years.

For full investment objectives and policy details please refer to the prospectus and the Fund's supplement which are available on www.davy.ie.

The indicator opposite does not take account of the following risks of investing in the Fund:

- Investing overseas can bring additional returns and spread risk to different markets. There are risks, however, that changes in currency rates may reduce the value of your investment.
- General Investment and Market Risks of the CIS: The Fund's activities may be significantly and adversely affected by general economic and market conditions, such as interest rates, availability of credit, inflation rates, economic uncertainty, changes in laws, and national and international political circumstances. These factors may affect the level and volatility of the CIS and the liquidity of the Fund's investments. Unexpected volatility or illiquidity could impair the Fund's returns or result in losses.
- Currency Risk: There is a risk of loss arising from exchange rate fluctuations or exchange control regulations.
- Use of derivatives for currency hedging purposes involves risks different from, or possibly greater than, the risks associated with investing directly in securities and other investment.

For a complete description of such risk factors, please see the section entitled "Risk Factors" in the Company's prospectus which is available on www.davy.ie

Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry charge	None
Exit charge	None
Charges taken from the Fund over a year	
Ongoing charges	0.56%
Charges taken from the Fund under certain specific conditions	
Performance fee	None

The Directors may impose an anti-dilution levy in the case of net subscriptions and/or net repurchases on a transaction basis as a percentage adjustment on the value of the relevant subscriptions or repurchases to reflect the impact of other dealing costs and to preserve the value of the underlying assets.

The ongoing charges figure shown here is based on the expense for the year ending 31 December 2024. The ongoing charges figure may vary from year to year, they include the ongoing charges incurred by the underlying CIS and excludes the costs of buying or selling assets for the Fund (unless these assets are shares of another fund).

For more information about charges, please refer to prospectus and the Fund's supplement which are available on www.davy.ie.

Past Performance

Please be aware that past performance is not a reliable indicator of future results. The share class was launched on 25 February 2016. Past Performance has been calculated in GBP. The ongoing charges are included in the calculation of past performance and the entry/exit figures are excluded from the calculation of past performance.

Practical Information

- The base currency of the Fund is STERLING. The full list of available share classes of the Fund can be found in the Fund Supplement.
- Further information in respect of these other classes is set out in the Fund's supplement. It is possible to exchange your shares in the Fund for shares of another class in the Fund. Details of exchange of shares are provided in the supplement.
