

DAVY

my **DAVY**

Key benefits include:

Online correspondence

It's a lot more secure to receive and store your account correspondence through myDavy. Online correspondence is also better for the environment because it reduces the amount of paper you receive from us. You'll simply get an alert by email to let you know when you have new correspondence such as contract notes, valuations, nominee statements and tax packs.

Simplified navigation

We have introduced a new 'My Profile' area to enable you to effortlessly administer your account, change passwords securely and manage your online correspondence.

Single view of your investments

Now you can conveniently view all your investments in one place, seeing your account valuation – broken down by each holding.

Seamless access

Designed with mobile and tablet in mind, myDavy enables you to access the service via the device of your choice with no compromise in quality.

So, see overleaf for our handy guide on how to register for myDavy, if you haven't already and how to switch to online correspondence.
